

Prof. Kim Hyeon T is joining our laboratory

Prof. Kim Hyeon T. (Gyeongsang National University) is visiting us on Dec.20 (Mon), 2010 and is joining our Bio-instrumentation research group for studying Vit. A prediction by beef cattle pupil measurement. He is going to stay here for a month and a post doctoral researcher (Dr. Seo Kwang-wook) and three graduate students are also joining us in January, 2011 during his stay. We expect our members exchange activities with them.
