

**Prof. Ferruccio Giametta joined our laboratory**

Professor Ferruccio Giametta who was an associate professor at SAVA Department, University of Molise, Italy has joined our laboratory as a visiting professor sponsored by JSPS on today (September 1<sup>st</sup>). He is going to study a cattle project with our bio-instrumentation research group for six months until the end of February. Since he had already researched on mechanization and automation in agriculture, it is expected that many our members exchange research activities. His room is S376 sharing with Prof. Huirong Xu.
