

Zhou Yuan-san received Best Student Oral Presentation Award

On Oct. 15-18th, 2017, the international conference on Precision Agriculture was held at Hamilton, New Zealand. I am glad to inform you that Zhou Yuan-san's presentation "Automated Pupil Image Acquisition to Estimate of Serum Vitamin A Levels in Cattle Using Pupil Color Analysis" received the best student presentation award in oral session. Congratulations! I hope all cattle researches will be accelerated by this award.
